BRIGHTON COLLEGE'S NEW SPORTS & SCIENCE FACILITY - PROGRAMME UPDATE

April 2018

April has seen the start to the Field level slab decking and the excavation of the swimming pool.

Removal of earth has continued alongside the swimming pool excavation with 2 - 3 lorries on turn around. Tower crane 2 is now up and running.

May 2018

During May we will see the field level slab continue in the southern direction and the swimming pool cast taking us over half way through the casting of the campus slab.

The structural steelwork is due to commence in the latter part of the month this will be heading north from the centre of the footprint finishing during June when we head south completing the full frame by the start of August.

Removal of earth will continue through to May completing in June.

Building fact file:

If you were to lay all the building piles out in a line, they would stretch the length of Brighton Pier 25 times!

The new development will feature Brighton's first and only rooftop running track.

Local and looking for work?

As one of the largest UK most successful privately owned businesses we have a vested interest in engaging with the local communities in which we work. We make every effort to support local workers, residents and the wider community.

Working alongside The CCS, we have developed a local employment initiative. If you hold a valid CSCS licence and would like to work on site, please call either:

Search on 01273 855021,
Elliot Scott on 01293 817749 or
Randstad on 01273 974829
to discuss future opportunities.

We are registered with the Considerate Constructors Scheme (CCS). The CCS is the national initiative set up by the industry to impose high standards within the construction industry. This means that we pride ourselves on complying with a Code of Considerate Practice, designed to encourage best practice beyond statutory requirements.

On site CCS contact details:

Jason Burnett (03330 772 148)
CCS Registration Number: ID 60156

COMPLIANCE**

Community Engagement

McLaren are inviting the local residents to an evening of question and answers and to meet the team on:
11th June @ 5-6pm

Recycling

Our office waste has currently been recycled back into the local grid through the local energy plant, producing enough energy to power one home for a month!

QR Codes

We have placed posters of our QR Codes along the site hoarding perimeter. Simply use your smartphone, iPhone, Android or Blackberry camera to scan the QR Code to find out more about the site works.

Site Operation Hours

The current hours of operation agreed with Brighton & Hove Council are:

Monday to Friday: 8am - 6pm
