## BRIGHTON COLLEGE'S NEW SPORTS & SCIENCE FACILITY - PROGRAMME UPDATE

### February 2018

February has seen further advancements to the excavation reaching the reduced level to over a third of the building footprint. This has seen a reduction in plant on site having one of the 20 ton excavators re-mobilised to another project.

The first large slab pour at the north end of the basement has also been achieved @ 120m<sup>3</sup>. Pile caps have now been cast to 33% of the building footprint releasing the campus level slab to be formed over the coming weeks.

### March 2018

The last week of February and early weeks of March will see the installation of a large pre-cast culvert running below the campus slab. These units will be installed using a mobile crane erected within the site boundary as they are too heavy for the resident tower crane.

The delivery of the precast units will be via approximately 4 Lorries per week for the 2 – 3 week install period. March will see a reduced number of lorries taking spoil away from the project and an increase in basement reinforcement and concrete deliveries.

## Building fact file:

- The new Sports & Science block will have nearly 9,000m<sup>2</sup> of internal floor space.

- It will include nearly 1,200m<sup>2</sup> of green "eco" roof.

## Local and looking for work?

As one of the largest UK most successful privately owned businesses we have a vested interest in engaging with the local communities in which we work. We make every effort to support local workers, residents and the wider community.

Working alongside The CCS, we have developed a local employment initiative. If you hold a valid CSCS licence and would like to work on site, please call either:

**Search** on 01273 855021,  
**Elliot Scott** on 01293 817749 or  
**Randstad** on 01273 974829  
to discuss future opportunities.

We are registered with the Considerate Constructors Scheme (CCS). The CCS is the national initiative set up by the industry to impose high standards within the construction industry. This means that we pride ourselves on complying with a Code of Considerate Practice, designed to encourage best practice beyond statutory requirements.

On site CCS contact details:

**André Henriot** (03330 772 148)  
**CCS Registration Number:** ID 60156

## Site Operation Hours

The current hours of operation agreed with Brighton & Hove Council are:

**Monday to Friday: 8am - 6pm**

## Community Engagement

As part of our Community Engagement Strategy we actively engage with the local community to:

- Promote local labour - **currently 30% local labour**
- Provide work experience opportunities - **working with BHCC Youth Employability Service for future work experience**

- Work with local schools and youth clubs

- Run fundraising events (Look out for information on our charity parachute jump this summer!) - **sponsoring Peacehaven United Youth FC**

## Recycling

The site has currently recycled all construction waste.

Office Waste 100% recycled  
Construction Waste 100% recycled

## QR Codes

We have placed posters of our QR Codes along the site hoarding perimeter. Simply use your smartphone, iPhone, Android or Blackberry camera to scan the QR Code to find out more about the site works.
